## **Description:**

With the mission to find solutions for the future of EVS volunteers EDUQ Association invite all volunteers and organizations to participate in EVS Meeting in Gdynia.

The participants will have the possibility to discuss about challenges and solutions after the end of the EVS projects.

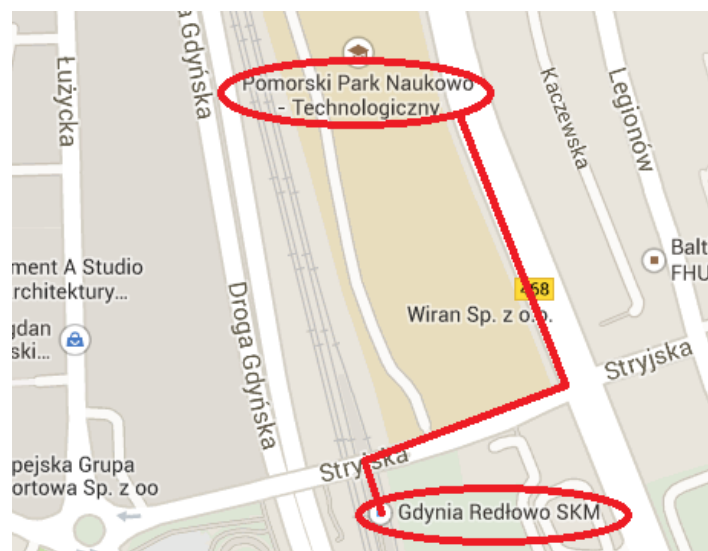

The first part will be presented by volunteers from different organizations with their experiences and the contribution of these experiences in the local community and in their learning process.

The second part, the organizations will explain some of the work that is possible to do to help the volunteers after the end of the project.

The third part, it will be dedicated to debate together about what we can do to find the way for the success. Ideas are welcome!

**The activity is free.**

**The train station of Gdynia Redłowo is close to the EVS Meeting:**
